

Interested in learning about a career with BC Hydro's Distribution Design team?

Apply to the Indigenous Employment & Training
Career Energizer:
Introduction to Design Assistant Program

Explore career possibilities and workplace tasks of a Distribution Design Assistant. Learn how BC Hydro distributes electricity from generation stations to the light switches in our homes and offices. You will have interactive conversations with Design team members to gain a deeper understanding of planning, design, construction, maintenance and operational support of BC Hydro's province-wide distribution system. In addition, learn the essentials of Project Management, access business communication tools and career coaching.

Program Preferences (not mandatory)

- Grade 12 graduation **or**
- Post-Secondary **or** Electrical Trade Training
- Interest in BC Hydro Career Paths
- Comfortable with online learning
